

# CREATE Your Own Website

## ExtraOrdinaire | GoDaddy

7 easy steps to creating your own customized website. Your branding. Your USP. All you need is a cool photo and a GoDaddy Domain name.

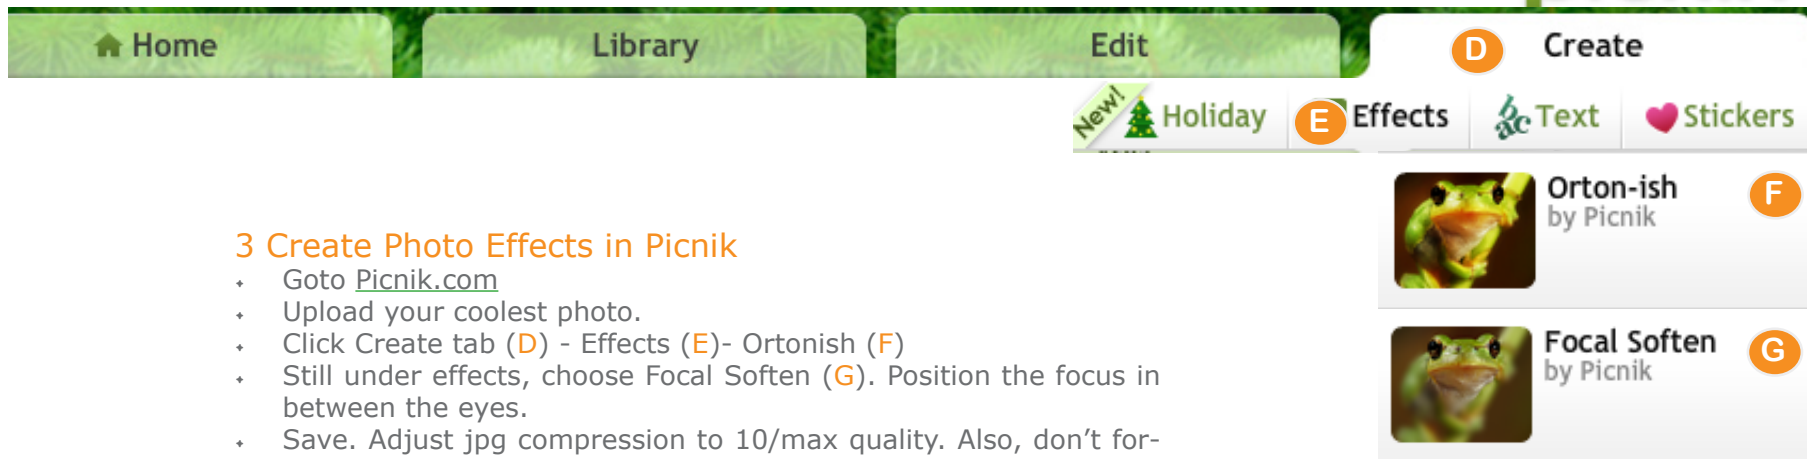

### 1 Login & Choose Template

- Login to [GoDaddy's Website Tonight](#)
- Select template: Chic
- Pick your preferred Color Scheme by clicking the square boxes on the right hand portion.
- Scroll to the bottom & click Work On My Site.

### 2 Upload Your Photo

- On the Design Page (A), click Page tab (B) - Change Background Image or you may simply Double Click the image header.
- Take note of available header space (457x223) (C) and make sure your photo nicely fits within this space.

### 3 Create Photo Effects in Picnik

- Goto [Picnik.com](http://Picnik.com)
- Upload your coolest photo.
- Click Create tab (D) - Effects (E)- Ortonish (F)
- Still under effects, choose Focal Soften (G). Position the focus in between the eyes.
- Save. Adjust jpg compression to 10/max quality. Also, don't forget to add ".jpg" in your file extension.

#### 4 Add Contents & Pages

- Type title in Your Title Text box (H). Also type in your Homepage contents.
- Use the Formatting Tools (I) at the upper left hand corner of the page to change font settings.
- Don't forget to add your USP or Tagline.
- On the Top Menu, click Add Pages (J) - Blank Pages. Click Add Page button then change the Titles respectively (i.e. Services, Contact Form).
- Refresh (F5) or click Design Tab (K) - then Launch Page Designer.

#### 5 Add Image Collection

- Goto Portfolio page (via Sitemap on upper left)
- Click Insert (L) - Images - Upload Images. Then browse thru your design files.
- Change your display and background setting.

### Edit Form

Insert Field:

Name:

Action:

Method:

On form submittal go to:

Page:

Other:

Email to:

Subject:

### 6 Add Feedback Form

- Goto Contact Me page
- From the top menu click Insert (M)- Forms (N)- Contact Form. A form will be inserted.
- Click on the form then choose Edit Form.
- Validate Email To: Field. This is the email address where you'll get submitted Contact/Feedback Forms. Adjust form as necessary.
- Click Save when done.

### 7 Preview & Publish

- When you are done designing your pages, click Preview (O). Double check spelling and site content. Check your links.
- Click Publish (P) - Backup - Publish All.
- Once published, your website will be visible to everyone online! Congratulations!
- You may follow same steps outlined in this tutorial to edit/redo your website.

# Thank You For Reading!

We hope you learned something useful.

**Create Your Own Website Now!**

You may create your own website with GoDaddy's free webhost. GoDaddy is the world's largest Domain registrar, and for good reasons. We ourselves use GoDaddy. With less than \$12/year Domain you'll get tons of freebies including a 5 page Website Tonight (i.e. the website builder used here in our GoDaddy Website Series). This is excellent for start-up Virtual Assistants or Freelancers. Create your own world class website now and start getting new Clients!
