The screenshot shows the Picnik.com editing interface. At the top, there are tabs for 'Home', 'Library', 'Edit', and 'Create'. Below these are various effect categories: 'Holiday', 'Effects (M)', 'Text (O)', 'Stickers', 'Touch-Up', 'Frames', 'Advanced', and 'Seasonal'. A preview window shows a frog image with the 'Lomo-ish' effect applied, labeled 'Lomo-ish by Picnik' with a 'N' icon. Below the preview is the 'Text Properties' panel, which includes a 'Font Color' color picker, a 'Fade' slider at 0%, 'bold' and 'italic' buttons, a 'Size' slider at 100, 'Advanced Blend Modes' with a dropdown set to 'Normal' (marked with a 'P' icon), and 'Delete' and 'Flip' buttons. A note at the bottom of the panel says 'Right-click text for more options.'

3 Add Floating Words in Picnik

- Open your photo in Picnik.com
- Goto Create Tab - Effects (M) - Lomoish (N) - Apply
- Add Text (O). Use different variations of grey and different blending modes (P) to give the impression of floating words.

Below this is a list of services: 'Service 1', 'Service 2', 'Service 3', 'Service 4', and 'Service 5', each with a double-slash icon.
